

# MY FAVORITE NEIGHBOR

## VINTAGE 2024 TASTING NOTES

The harvest season is in full swing, and we are thrilled to share a delicious lineup of wines from the 2024 vintage, including an esteemed bottle returning from 2023.

The 2024 growing season marked a return to warmer summer conditions, resulting in deep, voluptuous wines with beautiful structure and freshness.

These wines are perfect for the transitional moments of autumn, and we hope you enjoy this handpicked batch as much as we do.

Cheers!

### 2024 MY FAVORITE NEIGHBOR

#### Cabernet Sauvignon | Paso Robles

Our flagship wine returns with another winner. You’ve come to know and love this Cabernet Sauvignon for its rare combination of quality and accessibility, and the 2024 edition doesn’t disappoint. Grown by our favorite local farmers and blended with intention, it leads with sleek aromas of boysenberry, dark plum, dried red currant, cinnamon, and forest floor. A smooth, silky mouthfeel lingers with flavors of cassis, black cherry, pie crust, and cacao. Share this wine to turn neighbors into friends!

### 2024 ARMORY VINEYARD

#### Cabernet Sauvignon | Adelaida District

No one could accuse winegrower Will John of taking the path of least resistance. At Armory Vineyard in the mountainous Adelaida District, Will grows his Cabernet Sauvignon vines without irrigation—a.k.a. dry farming. This challenging approach conserves water while encouraging the vines to produce fruit with exceptional concentration and character. Our 2024 release opens with lifted floral aromas intertwined with notes of raspberry, cherry pie, and fresh cranberry. The palate displays elegant tension with luscious red fruit flavors, finishing with brightness and structure. A journey for the senses.

### 2024 MOONSPRINGS VINEYARD

#### Cabernet Sauvignon | Templeton Gap District

Owned by our friends Lynn and O’Neal Gray, Moonsprings Vineyard exemplifies the purpose behind our vineyard-designate series: to showcase incredible terroirs farmed by great neighbors who care about the environment. Our 2024 release from Moonsprings Vineyard offers an expressive nose of black raspberry, black cherry, light roast coffee, and California bay laurel with lingering floral notes. Lush and long on the palate, it unfolds with flavors of dark plum compote and baking spice that carry into a long, supple finish. A marvel of dimension and complexity.

### 2023 MOONSPRINGS VINEYARD

#### Cabernet Sauvignon | Templeton Gap District

Straight from the My Favorite Neighbor library comes this preceding vintage from Moonsprings Vineyard, providing you with a vertical opportunity to compare and contrast two successive vintages from a single site. Whereas the 2024 vintage was marked by warmer conditions, the 2023 growing season was considerably cooler—and you can taste the difference! The 2023 vintage is a showstopper with a nose of violets, dark plum, blackberry, and sage. It’s sleek, dark, and balanced, with a long, structured finish that promises to age beautifully.
